This is just the beginning.

We challenged our top mechanical and chemical engineers to push the limits of solvent-based printing technology. And they delivered. Introducing the all-new EPSON SureColor® S30670. Capable of producing astonishing print quality at print speeds up to 620 square feet per hour¹, the EPSON SureColor S30670 utilizes some of our most advanced imaging technology. It includes our exotic MicroPiezo® TFP® print head, and is designed exclusively for use with our most advanced solvent-based inks to date — EPSON UltraChrome® GS2². The all-new EPSON SureColor S30670 redefines the price performance equation, delivering unmatched performance and value. This is the way solvent printing should be.
